

## **MELKAROK Film Coated Tablets**

### **Dietary Supplement**

#### **MULTI-B NEUROPATHY SUPPORT FORMULA**

##### **Product Description:**

- **Dietary supplement that supports the nervous system's health.**
- **MELKAROK is a food supplement that specifically supports nerve tissue.**
- **150 mg. of benfotiamine per tablet, plus vitamins B2, B5, B6, B12, and Folic Acid.**
- **Perfect for those who are not currently taking additional B vitamins.**
- **All B vitamins help you convert the protein, carbohydrates, and fats you eat into energy. B vitamins are also needed for:**
  - **Healthy skin, hair, and eyes.**
  - **Proper functioning of the nervous system and liver.**
  - **Healthy digestive tract.**
  - **Making red blood cells, which carry oxygen throughout the body.**
  - **Making sex and stress-related hormones in the adrenal gland.**
- **Benfotiamine: it might help conditions like diabetes-related nerve damage, Alzheimer's disease, and alcohol dependence.**
- **Vitamin B5 (Calcium D-Pantothenate): It supports blood cell production and the conversion of food you eat into energy.**
- **Vitamin B6 (pyridoxine hydrochloride) is important for normal brain development and for keeping the nervous system and immune system healthy.**
- **Vitamin B2 (riboflavin) plays major roles in energy production, cellular function, growth, and development, and the metabolism of fats, drugs, and steroids.**
- **Vitamin B12 (methylcobalamin) plays an essential role in red blood cell formation, cell metabolism, nerve function, and the production of DNA.**
- **Folic acid is important in red blood cell formation and for healthy cell growth and function.**

## Why use “MELKAROK”?

- Tablets support nervous system health as a supplement.
- Managing, preventing, and treating vitamin B deficiency.
- General tonic for the body [memory and focus].
